LESSON:

Lesson no: 1 HOMEWORK-WORK-STUDY

Which subject do/did you like the most and the least?

Software- heavy work load

Literature- tedious

I don't like literature because I often could not understand the thought of the author and there are words in poems are also hard to understand.

Do you like studying?

Quite frankly I'm quite keen on studying, I find studying fascinating and I can gain more knowledge on reading books. I can improve my learning skills and I can make friends by sharing ideas.

Do you work or are you a student?

I'm a student. I'm currently studying at North East University and I'm a software engineer. I have been studying for about 4 years.

Do you like your studies?

Absolutely, I love every minute of my studying software. Because software engineering quite complex and challenging. I need to get all the obstacles or remove the mistakes to complete the product.

Topic Practice: Part 1 - Hometown

1. What's (the name of) your hometown (again)?

The city that I live in is called Tianjin. It's a first tier city in China and it's pretty develop.

2. Is that a big city or a small place?

Well, it's a big city which is densely populated. For most time it's over crowded.

3. How long have you been living there?

Honestly, I have been living here since I was born. But I left Tianjin 4 years ago to go to North East University.

4. Do you like your hometown?

Absolutely, I'm quite keen especially with the food and transportation. Because Tianjin lies in the center part of China, the style of food Tianjin combines every other flavors of food in China. The transportation is highly developed, we have excellent subway and railway system.

5. Do you think you will continue living there for a long time?

Honestly, I will leave Tianjin in the future because I might need to study abroad.

Part 1 – Work/Study

1. Do you prefer to study in the mornings or in the afternoons?

Well, I prefer to study in the afternoon. I often feel tired and sleepy in the morning. After taking a nap during noon time, I will feel energetic for study. And I will also have a high efficiency for study and learning new things.

2. Why did you choose to study that major?

Quite frankly, I didn't choose this in my high school. However I didn't perform well in my entrance examination so I was transferred to this major but surprisingly I enjoyed it.
